Neemrana, Rajasthan, India

### LinkedIn

bharat-yadav-007bharat

### GitHub

BharatYadav007

## Skills

### Programming

Python, TypeScript, JavaScript, C++, C, Bash

### Security

VAPT, OSINT, web security, digital forensics fundamentals

### Development

React, Next.js, Node.js, REST APIs, Tailwind CSS, Firebase, OpenCV

### Tools & Platforms

Linux, Kali Linux, Git, GitHub

### Core CS

Data Structures & Algorithms, Operating Systems, Computer Networks, DBMS

## Education

### NIIT University

B.Tech in Computer Science and Engineering  
Specialization: Big Data  
2024 – 2028

### National Institute of Open Schooling (NIOS)

Senior Secondary Certificate (SSC)  
2024

### D.A.V. Public School

Secondary School Certificate (SSC) / High School  
2022

## Languages

English – Fluent

Hindi – Fluent

Japanese – Intermediate

## About Me

B.Tech CSE student specializing in Big Data at NIIT University. My experience spans cybersecurity, open-source software, and web development through three Gurugram Police internships and university projects. I have built security tools, contributed to MALSync, and led technical work for university events.

## Projects & Experience

### Cyber Warrior Intern – GPCSSI

Summers 2024–2026

Built VAPT and multi-IP OSINT tools; contributing to GPCSSI's public website using React and TypeScript.

### Open Source Contributor – MALSync

Apr–May 2026

Added AniKoto integration, Miruro support, and offline test configuration; PR accepted after review.

### Technical Leadership – siNUoid

2024–2025

Led fest technology, built the Next.js website, and maintained CMS/APIs; contributed to the CTF backend.

### Event Organisation & Volunteering

Apr 2026

Supported ENTENTE web updates and live streaming; assisted event operations at the Doctoral Symposium.

### Face Recognition System

Python / OpenCV

Built real-time face recognition from camera input using OpenCV and CSV storage for identity matching.

## Achievements

- **2nd Place**, HackM coding competition (Mar 2025).
- **6th in India**, OffSec's The Gauntlet – Arctic Howl.
- **Regional qualifier**, Scaler National Coding League 2024.
- **GPCSSI 2025**: Recommendation and appreciation.

## Certifications

- **Cisco Networking Basics** – Mar 2026.
- **Advent of Cyber 2025** – TryHackMe; Side Quests.
- **Ethical Hacking** – Udemy (Oct 2020).
- **AI Aware** – Intel / CBSE / Digital India (Jan 2022).
